

**Sue Robinson**

Sue Robinson (Community Sports Manager) goes above and beyond, not only for the community but also in supporting us to deliver the community agenda. Not only does she really understand the needs of the local people but in addition, champions health agenda's and ensures the user groups are always at the forefront of any funding opportunities.

From launching new funded inclusive sessions such as the community ice sessions, ensuring a fantastic holiday play scheme is on offer and seeing Club membership ever on the increase, more than likely due to her passion for the Better Club Games!
