You can continue to open your facilities for the above individuals – however, **in relation to Children**, we have sought further clarity from Government and the Cabinet Office has advised us that **'supervised activity for children is only in relation to Childcare'** and not allowed for general leisure services - this must be read in-line with [this guidance](#), which states

Out-of-school activities (including wraparound care) may continue to operate if their primary purpose is providing registered childcare, or where they are offering other childcare activities, where this is reasonably necessary to enable parents to:

- work or search for work
- undertake training or education

and in-line with when children can leave their home:

Exception 9: children

(12) Exception 9 is that it is reasonably necessary for P to leave or be outside P's home—

- for the purposes of arrangements for access to, and contact between, parents and a child where the child does not live in the same household as their parents or one of their parents;
- for the purposes of arrangements for contact between siblings where they do not live in the same household and one or more of them is—
 - a child looked after by a local authority, within the meaning of section 22 of the Children Act 1989, or
 - a relevant child, within the meaning of section 23A(a) of that Act;
- for the purposes of arrangements for prospective adopters (including their household) to meet a child or children who may be placed with the prospective adopters as provided for by an adoption placement plan drawn up in accordance with the Adoption Agencies Regulations 2005(b) (see regulation 35(2) of those Regulations);
- to access educational facilities, or to accompany a child to those facilities where P is the parent or has parental responsibility for, or care of, the child in question;
- subject to paragraph (13), for the purposes of—
 - childcare provided by a person registered under Part 3 of the Childcare Act 2006(c);
 - supervised activities for children;
- for the purposes of informal childcare, for children aged 13 or under, provided by a member of a household to a member of their linked childcare household (see regulation 13).

(13) Paragraph (12)(e) only applies where the childcare is reasonably necessary to enable a parent, or a person who has parental responsibility for, or care of, the child in question, to work, search for work or to undertake training or education.

In relation to [school activities in leisure facilities and sports centres](#):

School activities taking place in local leisure facilities and sports centres can continue if they are part of their normal school provision – or as part of a 'dual use arrangement' - and the facility is able to facilitate that.

Competition between different schools should not take place, in line with the wider restrictions on grassroots sport.

What about swimming?

Schools can use external swimming pools for lessons where facilities are able to accommodate that in a way that is consistent with the school's system of controls.

Outdoor exercise

to take exercise outside, you must be:

- *alone*
- *with—*
 - (aa) one or more members of their household, their linked household, or*
 - (bb) where exercise is being taken as part of providing informal childcare for a child aged 13 or under, one or more members of their linked childcare household, or (a) S.I. 2010/2128. 7*
- *in a public outdoor place, with one other person who is not a member of their household, their linked household or their linked childcare household, and paragraph (3) applies in determining whether a person is complying with the limits in this sub-paragraph;*

What this means

Personal Training (1:1) can continue in a public outdoor place (not a private garden), but must follow all Covid secure guidance.

- *Personal trainers and sports coaches should only provide training in public outdoor spaces, such as parks. They should not provide any training in private homes or gardens, and in line with gatherings rules should only provide 1:1 training.*

Wales

Wales moved out of the Firebreak on the 9th November, which allows gyms/leisure centres to re-open, as long as they follow all Covid guidance that they did previously – there are also some additional processes facilities must follow:

- Group exercise (classes) is limited to 15 people indoors (and 30 outdoors), this number excludes the instructor
- Simultaneous gatherings of groups and individuals are also allowed, both indoors and outdoors, where there is sufficient space to do so safely and independently
- These limits do not include Under 18's - *the number of children aged under 18 who can legally participate is constrained only by the boundaries of the setting and the need for sufficient adults to be present to supervise. The activity must be arranged and supervised by a responsible body such as a sports club, a public body, a charity or a gym or leisure centre*
